Land Institute**

## **Camp Little Green Feet & Camp Little Feet 2015**

## About Blackwood Land

Blackwood Educational Land Institute is a 501(c)3 for-purpose teaching farm in Waller County, Texas. The farm is 23 acres and we cultivate 3.5 acres. The remainder consists of 3 distinct ecosystems.

Blackwood Land brings together the best practices of many forms of farming. Choosing the ones that best fit our land and our goals. We do this because food well grown is our best medicine and it should be accessible to all.

## Camp Objectives

- Introduce young children to seasonal and regional foods and the principals of resilient agriculture.
- Engage kids and parents in a simple cooking activity.
- Learn about a sustainable food system through exploring the Kid's Garden through planting, bed preparation, "sleeping beds", harvesting and collecting, cooking, eating and composting.
- Spend a night on the land to see more of daily farm life (for Camp Little Feet only).
- Inspire parents to make simple, healthy cooking dishes at home.

# Camps for You and Your Little Ones

## Camp Little Green Feet

\$89 per Child and Parent/Caregiver Pair  
For ages 3, 4 and 5 + Parent or Caregiver

This camp is ideal for young children ages 3, 4 and 5. They must be accompanied by one parent per child. This is a day camp for you and your child to have a chance to bond, engage in farm activities and taste along the way.

Lunch is included for you and your child. Please specify food allergies in registration. Blackwood Land will also provide a mid-morning snack for you and your child and together we will prepare a simple healthy recipe to compliment your lunch.

The day will consist of 4 parts: story time, exploring our working farm, caring for the Kid's Garden and a simple culinary activity. Camp is small and can accomdate up to 20 parents and children.

Please note all children must be accompanied by an adult, parent or caregiver. We ask that no other siblings attend the class with the registered parents. This encourages a parent and child to work together in the most meaningful way possible while minimizing distractions.
